

# Ibrahim Ezzat

## Full Stack Developer

Cairo, Egypt | +201123210676

eng.ibrahim.ezzat.03@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Skilled React developer with strong expertise in the MERN stack — MongoDB, Express.js, React, and Node.js — and a focus on building dynamic, responsive web applications. Proficient in developing scalable full-stack solutions, with clean and maintainable code. Recently expanded my skill set to include Docker and Linux, enhancing my DevOps capabilities and deployment workflows. Passionate about continuous learning, embracing new technologies, and contributing to innovative projects within collaborative, high-performing teams.

## Work Experience

### Instructor @DECI

Dec 2025 – Present

[Udacity](#) | [Digital Egypt Cubs Initiative \(DECI\)](#)

- Trained young learners in the Digital Egypt Cubs Initiative in collaboration with Udacity and the Ministry of Communications and Information Technology.
- Delivered engaging and interactive lessons focused on digital literacy and foundational technology skills.
- Empowered participants with a strong understanding of key digital tools, encouraging creativity, critical thinking, and problem-solving.
- Adapted teaching methods to suit various learning styles, ensuring effective knowledge transfer and student engagement.

### Full Stack Developer

Apr 2024 - Oct 2024

[Egypt Digital Pioneers Initiative \(DEPI\)](#)

Interned with Egypt's Digital Pioneers Initiative at the Ministry of Communications for six months, enhancing digital skills and collaborating on real world projects using React. Gained practical experience in web development while contributing to innovative solutions in the tech sector.

- Hands-On Experience: Developed and implemented user-friendly web applications using React, improving overall functionality and user experience.
- Collaborative Projects: Worked closely with cross-functional teams to design and execute digital solutions addressing real - world challenges.
- Skill Enhancement: Participated in workshops and training sessions to advance knowledge of modern web technologies and digital best practices.

## Front End Developer

Jun 2024 - Jul 2024

MSP Tech Club | Al-Azhar University

Completed a one-month internship at Microsoft Camp, gaining expertise in front-end technologies and cloud computing solutions. Developed practical skills in modern web development and learned to leverage cloud platforms for enhanced application performance and scalability.

- **Front-End Development:** Worked with modern frameworks and tools to build interactive user interfaces.
- **Team Collaboration:** Collaborated with experienced developers, fostering a strong understanding of agile methodologies and best practices.
- **Cloud Solutions:** Gained hands-on experience with cloud computing services, enhancing application deployment and management.

## Projects

### E-commerce [ [GitHub](#) ]

Jul 2024 - Aug 2024

Developed a native e-commerce platform using HTML, CSS, and JavaScript, focusing on responsive design and seamless user experience. Implemented key features such as product listings, shopping cart functionality, and secure checkout processes to enhance online shopping.

- **Responsive Design:** Created a user-friendly interface that adapts to various devices, improving accessibility.
- **Dynamic Functionality:** Integrated interactive features like real-time product updates and smooth navigation for enhanced user engagement.

### Social Media [ [GitHub](#) ]

Aug 2024 - Sep 2024

Developed a social media web app using React, Node.js, Express, and MongoDB, enabling users to create profiles, share posts, and interact with others. Focused on performance optimization and real-time features for an engaging user experience.

- **User Profiles:** Designed customizable user profiles, enhancing personalization and user interaction.
- **Real-Time Features:** Implemented WebSocket for instant notifications and live updates, fostering user engagement.
- **Scalable Architecture:** Built a robust backend with Express and MongoDB, ensuring efficient data handling and scalability.

## Volunteer Experience

**Front End Instructor@Az-SENCS**

Sep 2024 - Jul 2024

[Az-SENCS | Al-Azhar University](#)

Dedicated Front End Instructor with expertise in HTML, CSS, JavaScript, and React. Focused on creating engaging curricula and hands-on projects that empower students to build responsive websites. Committed to fostering collaboration and inspiring future developers with innovative teaching methods.

- Leading a Front-End Web Development course, covering HTML, CSS, JavaScript, React, and GitHub.
- Designed a curriculum that includes weekly assignments, monthly projects, and hands-on learning sessions.

## Core Skills

### Technical Skills:

- 1) **Frontend:** React.js, HTML, CSS, Tailwind CSS, Bootstrap, JavaScript
- 2) **Backend:** Node.js, Express.js, Java, Python
- 3) **Databases:** MongoDB, SQL, MySQL, Database Management, Database Structures
- 4) **DevOps & Tools:** Docker, Linux, Git & GitHub, Version Control
- 5) **Programming Fundamentals:** APIs, Data Structures, Software Engineering, Debugging, Problem Solving

### Soft Skills:

Team Collaboration, Effective Communication, Attention to Detail, Leadership, Adaptability, Time Management, Analytical Thinking, Detail-Oriented, Strong Verbal & Written Communication.

## Education

**Al-Azhar University Faculty of Engineering**

Oct 2021 - Present

**Undergraduate** | Computer Engineering, **Expected Graduation:** 2026

Bachelor's Degree

GPA 3.7

## Languages

- English (Very Good)
- Arabic (Native)
